Make Me a Pallet on Your Floor

Chorus

```
G         B7     C7               A7
Make me a pallet      all on your floor

            G        E7
And if your good man comes

A7            D7    G
I swear he'll never know
```

Verse

```
C7                                        G
Make it for me, baby, make it soft and low

C7                                      G    D7
Make it for me, baby, by the kitchen door

            G                 B7
And if your man comes in the front door

        C7             A7
Out the back door I'll go

       G    E7      A7       D7      G
If you only make me a pallet on your floor
```
