No Ash Will Burn

```
C            F          G7      C
I have seen snow that fell in May

C            F       G7         C
I have seen rain on cloudless days

                 F      G7       Am     Em
Some things are always meant to change

             F       G7      C
but there ain't no ash will burn
```
