But ever' now and then your daddy gotta shave 'em dry.

I won't never let nobody what my baby done to me,
She done made me crazy 'bout her, now she done quit poor me,
But I ain't gonna stand no quittin',
 ain't gonna stand no jumpin' down,
Before I let you quit me I'll burn half burn Chicago down,
Ever' now and then your daddy gotta shave 'em dry.

Rooster crow in Italy, they heard it way down down in France,
Sleepers in the middle never had no chance,
Get your crowin' from a rooster, get your eggs from a hen,
Get your feathers from a robin, get your music from a wren,
Ever' now and then your daddy gotta shave 'em dry.

Don't never tell nobody tell you what my baby done to me,
She done made me crazy 'bout her, now she done quit poor me,
I ain't gonna stand no quittin',
 ain't gonna stand no jumpin' down,
Before I let you quit me I'll burn half Chicago down,
Ever' now and then your daddy gotta shave 'em dry.

Now mama, sweet mama, what's on your runnin' mind?
You got angels in your pockets and a devil down behind
And it's mmm ... have mercy, I'll never do you wrong,
But the way I'm running, honey, you know I can't last long,
Ever' now and then your daddy gotta shave 'em dry.
