

(Sitting Back) Lovin' You

D G7
If you are wonderin' what I'm gonna do,

D G7
While you are sleepin', am I sleepin' too?

G7
Well, I'm just sittin' here lovin' you,

D B7
Close my eyes and lovin' you.

E A D (G7 D G7...)
I'm just sittin' here, sittin' back lovin' you.

I have been wonderin' just what I would do,
If I weren't sleepin', had I not found you.
I'd be out there findin' you,
Walkin' on the avenues findin' you.
But I'm just sittin' here, sittin' back lovin' you.

[Bridge]

G7
Now the reason y'never send me runnin' 'round.

D B7
Fingers on my forehead cool and calm me down.

E
She can even get me up and on my feet

A
When I got to take care of some business on the street.

I have been walkin' all my streets alone,
I'd keep on walkin' to keep from goin' home.
Couldn't quite clearly conceive of you
Now I can't conceive of ever leavin' you...
And I'm just sittin' here, sittin' back lovin' you..
