

## 'Round Midnight

Dm                    Bm5-/7            Em                    A7  
It begins to tell 'round midnight, 'round midnight

Dm7                    G7                    Bbm7 Gdim Am7 D7  
I do pretty well 'til            after            sundown

Gm7                    C7                    Dm            Dm7+  
Supper time, I'm feelin' sad

                  Fdim                    G7                    Bb7            A7  
But it really gets bad 'round midnight

Dm                    Bm5-/7            Em                    A7  
Mem'ries always start 'round midnight, 'round midnight

Dm                    G7                    Bbm7 Gdim Am7 D7  
Haven't got the heart to stand those mem'ries

Gm7                    C7                    Dm            Dm7+  
When my heart is still with you

                  Fdim                    G7            A7 Dm            Dm7+  
And old midnight knows it too

### *Bridge:*

                  Bm5-/7            E7                    A7  
When some quarrel we've had needs mending

                  Bm5-/7            E7                    A7  
Does that mean that our love is ending

Darling, I need you; lately I find

                  D7                    C7                    Bb7            A7  
You're out of my arms and I'm out of my mind
