

The Answer is You

C Fmaj7 G 6/9
If all that you knew of love

Am(add 9)
Was what we heard in songs,

Dm7 C Am
You'd think that love was fragile

Dm7 G
And that it never lasted long.

C Fmaj7 G 6/9
But we've now spent all our lives

Am(add 9)
In each other's care

Dm7 C Am
And I think love grows stronger

Dm7 G C
The more it has to bear.

<chorus>

F C Am
Ten thousand pages

Dsus6/9 Dm7
On keeping love new

F C Am
Come down to the same conclusion:

D7 Dm7 C
The answer is you.

(C) C7
Oh baby, baby

D7 Dm7 C (G7)
The answer is you.

If all that we knew of life came from pictures on a screen,
We'd think that love was just another word to hide the words we mean.
But there's more to that mystery than what the movies say,
For the only way to keep love is to give it all away.
